ABOUT

DAVID DELIGHT

David Delight is a DJ and producer from Trondheim, Norway. He plays house, disco, funk and feelgood — the kind of night where strangers end up hugging by the second hour.

The sets live between 90 and 135 BPM — good funk and hip-hop on the low end, house and disco up top. They start easy, they build, and at some point the floor decides where the evening goes. David follows.

A growing catalogue of remixes and originals keeps the discography moving in the same direction as the live sets: warm, unhurried, and impossible to stand still to.

David plays weddings, private parties, and the odd corporate event where somebody on the guest list still remembers how to dance.

SHORT BIO (100 WORDS)

David Delight is a DJ and producer from Trondheim, Norway — playing house, disco, funk and feelgood between 90 and 135 BPM. Sets that start easy, build slowly, and land somewhere the floor didn't know it wanted to be. Resident at Diskoteket and Petras, available for clubs, festivals, and private events across Norway and internationally. A catalogue of remixes and originals, all moving in the same warm, unhurried direction as the live sets. Nothing but love.

WHAT PEOPLE SAY AFTER.

”

A set you feel before you hear it. David reads the room like somebody who actually lives on the dancefloor, not behind the booth.

EIRIK H.
Promoter, Diskoteket

”

The remixes have this unhurried warmth — nothing forced, nothing trendy. It just moves.

”

Bryllupet vårt ble en av de beste kveldene i livet. Alle danset. Min 78 år gamle bestemor danset. Det sier alt.
